VIETNAM

Operations Overview

- **Type of Operations:** Manufacturing & Sourcing
- **Key Products/Services:** Garments, Electronics Packaging, Personal Care Products, GPS Devices
- **Main Partners/Vendors/Clients:** Ho Chi Minh Garment Co., VietPack Supplies, GEELOD, OBOGEE
- **Revenue:** REDACTED
- **Notable Events/Performance Notes:** Significant 15% YoY increase due to expansion in supplier network and bulk order fulfillment. Product diversification included entry into the personal care and GPS device markets, with mixed outcomes.

Project 1

- **Partners:** GEELOD
- **Key Products:** Soursop Tea, Wolfberry Tea, Guava Tea, Dandelion Tea
- **Description:** Imported health-oriented teas from Vietnam for resale in U.S. markets. Initially limited to Amazon, the operation expanded into eBay and Walmart due to rising demand and branding success. Marketing included paid search promotions, strategic ads, and review-based influencer outreach. Trial packs in exchange for honest reviews improved customer trust and brand loyalty.
- **Type(s):** Import/Export, Service

Project 2

- **Partners:** GEELOD, OBOGEE
- **Key Products:** Hair Products, Skincare Items
- **Description:** Focused on personal care imports targeting niche U.S. consumer segments via Amazon and Walmart. Early customs delays caused minor issues, but overall profitability remained strong due to affordability, quality, and underserved demand.
- **Type(s):** Import/Export

Project 3

- **Partners:** None
- **Key Products:** GPS Tracking Devices
- **Description:** Attempted entry into affordable GPS hardware market. Devices sourced in Vietnam became unsellable due to cost inefficiencies and strong price competition from China-based exporters. Early exit resulted in moderate financial loss.
- **Type(s):** Hardware, Failed Attempt

Project 4

- **Partners:** GEELOD
- **Key Products:** Loans
- **Description:** Large loans issued at competitive interest rates relative to local banks. Achieved 100% repayment with full interest and no defaults.
